

MAY & JUNE 2021

We are delighted that current government guidelines enable us to no longer wear face masks during our day with the children. However, staff will continue to wear them during handovers with our families and we will encourage you to do the same.

May we remind you that any sickness and diarrhoea episodes must have 48 hours clear before returning to Nemo's.

Hopefully, drop-offs and pick-ups within the nursery setting will resume in the not-too-distant future. We will of course keep you updated on this.

Polite reminders: Nemo's hours are 08.30 to 5.30. If there is something you wish to discuss with the team, please ensure you allow enough time to accommodate this at your pick-up.

We have had several enquiries regarding longer hours here at Nemo's. We are looking at different options and one of these is to extend our day from 08.00 – 18.00. Please let us have your thoughts on if this would or would not benefit you.

We are always happy to check availability for extra sessions and as we begin to get busier with more parents returning to work, please try and give as much notice as possible. Extra sessions are now invoiced when booked.

Nemo's uniform is now in stock! This will be available to select and purchase in the porch this week. Sweatshirts £12, joggers £12 and t-shirts £7.50. These will be added to your invoice.

Over the next couple of months, the children have been and will continue to help to celebrate several events such as International Space Day, Dinosaur Day, and Healthy Eating Week.

As always, thank you to all our families for your feedback and support.
